

# Weekly Word List

**Please pre-test me on all of the words.**

**List 1:** chef, chic, chute, chaise, chalet, machine, chiffon, crotchet

**List 2:** chateau, brochure, parachute, chivalry, ricochet, machining, charade

**List 3:** chauffeuring, echelon, pistachio, chauvinist, chaperone

## Word Lists

| List 1   | List 2    | List 3       |
|----------|-----------|--------------|
| chef     | crotchet  | parachute    |
| chic     | chiffon   | ricochet     |
| chute    | machine   | chivalry     |
| chaise   | chateau   | brochure     |
| chalet   | brochure  | chateau      |
| machine  | parachute | chauffeuring |
| chiffon  | chivalry  | echelon      |
| crotchet | ricochet  | pistachio    |
|          | machining | chauvinist   |
|          | charade   | chaperone    |

**The first 5 words I get incorrect will be my family words for the week.**

# Comprehension PowerPoint Slides – Main Idea

## Comprehension – Main Idea

## Main Idea

- To **summarise**, we need to look at the main topic of the text.
- To do this, we need to find out the Main Idea of the text.

## Main Idea

- Next we need to look at the clues that support the main idea.
- The poster gives us some good tips to help us to organise our ideas.

## Main Idea

Let's take a look.

## Main Idea

Each part goes together to make a paragraph and it would look like this:

### What are Frogs ?

Frogs are animals called amphibians. Amphibian means that frogs live on land and in water. Frogs are cold-blooded which means that their bodies are the same temperature as the air or water around them. When frogs are cold they will lay in the sun to warm up and when they get too warm they will go into the water to cool off.

## Main Idea

Writing a paragraph is like putting a puzzle together. You need a main idea and the other important pieces to make the puzzle complete.

## Let's have a go together

### What do frogs look like?

Frogs come in all shapes, patterns, colours and sizes. They have two bulging eyes that can see 360° around. This helps them to keep look out for predators. Frogs have very special skin. It not only covers their bodies but they drink and breathe through it too. Frogs also get oxygen through their skin. To help keep its skin moist frogs secrete a mucus. Some frogs have tongues that are long and sticky that can be used to catch bugs. Most frogs have a rim of very small teeth around the upper edge of the jaw.

Main Idea – Frogs come in all shapes, patterns, colours and sizes.

Detail 1 – They have bulging eyes that can see 360° around. This helps them to keep look out for predators.

Detail 2 – Frogs have very special skin. It not only covers their bodies but they drink and breathe through it too. Frogs also get oxygen through their skin. To help keep its skin moist frogs secrete a mucus.

Detail 3 – Some frogs have tongues that are long and sticky that can be used to catch bugs. Most frogs have a rim of very small teeth around the upper edge of the jaw.

## Your Turn!!

Read through the text on Do frogs have enemies? and complete the Main Idea Puzzle.

## Comprehension Reading - Do Frogs have enemies?

Frogs have to watch out for all kinds of enemies in the wild. There are a wide variety of frog predators. Animals that eat frogs include lizards, snakes, birds, and some other small animals. Even under water frogs can't be safe from some fish, swimming mammals, and even diving birds. Frogs even have to watch out for other hungry frogs. Frogs in the environment are a sign of well-balanced ecosystem. The biggest enemy of the frog is pollution caused by people.

## Comprehension - Main Idea Puzzle

# Grammar PowerPoint Slides – Paragraphs

## Grammar – Paragraphs

### Writing in Paragraphs

- When writing formally, it is important to write in paragraphs.
- Paragraphs help to organise bundles of information with a topic sentence to inform the reader about what that section of the text will be about.
- For example, if the author was writing about Dogs, the first paragraph might be about classifying what a Dog is. Then, the second paragraph might be about what do Dogs eat. Lastly, the final paragraph might be about where do dogs live?

### Parts of a Paragraphs

**TOPIC SENTENCE:** This sentence tells the reader the main idea, or what the paragraph will be about.

Frogs begin their lives as tadpoles that are hatched in the water from tiny jelly-covered eggs. The mother frog will lay thousands of eggs at one time.

### Parts of a Paragraphs

**SUPPORTING SENTENCE ONE:** This sentence gives specific details relating to the main idea.

Tadpoles are born with gills, just like a fish, so that they can breathe under water. They have a big head and a long tail and they are a favourite food to fish and water beetles.

### Parts of a Paragraphs

**SUPPORTING SENTENCE TWO:** This sentence gives another specific details relating to the main idea.

Tadpoles then change into tadpoles with hind legs. After that, the tadpole becomes a froglet when it has both front and back legs, as well as its tail.

### Parts of a Paragraphs

**SUPPORTING SENTENCE THREE:** This sentence gives more specific details relating to the main idea.

Last of all, the froglet develops into a frog, with strong legs and no tail. By between 12 to 16 weeks, depending on water and food supply, the frog has completed the full growth cycle.

### Parts of a Paragraphs

**CONCLUDING SENTENCE:** This sentence refers to the topic sentence and sums up the main idea of the paragraph.

Frogs must then live close to land and water to stay healthy.

### Your Turn!!

**Activity:** Read through the information on What do frogs eat? Sequence the paragraph from topic sentence to concluding sentence.

| Worksheet - Paragraph Sort |  |
|----------------------------|--|
| Topic sentence             |  |
| Sentence 1 (1st)           |  |
| Sentence 2 (2nd)           |  |
| Sentence 3 (3rd)           |  |
| Sentence 4 (4th)           |  |
| Concluding sentence        |  |

## Grammar - What do Frogs eat?

Small to medium sized frogs eat insects such as flies, mosquitoes, moths and dragonflies.

Frogs are carnivores, which means that they will eat meat.

Some large frogs will even eat small snakes, mice, baby turtles, and even other smaller frogs!

Most frogs will starve before they eat a dead insect or animal.

Larger frogs will eat larger insects like grasshoppers and worms.

## Grammar - Paragraph Sort

## Informative Writing - Penguins

Emperor Penguins have a distinctive body. Emperor Penguins have four layers of feathers and are waterproof. They keep the penguins warm in the extreme cold. Their flippers are small, but strong. They are used to swim through the water. Emperor Penguins can grow up to 130cm tall.

Emperor penguins are found in Antarctica. Emperor Penguins can survive temperatures as low as  $-60^{\circ}\text{C}$  (that's more than 3 times colder than a freezer).

Penguins are flightless birds. One type of penguin, is the Emperor Penguin. Emperor Penguins are the largest and heaviest of all penguins. They are carnivores, which means they eat meat. Emperor penguins usually eat silverfish, fish, shrimp and krill.

Around the start of winter in Antarctica (April) the Emperor penguins begin their breeding cycle. The female Emperor Penguin usually lays an egg around June. She passes the egg to the male before setting off on a journey to the ocean. The male Emperor Penguins balance their egg on their feet and covering it with feathered skin, called a 'brood pouch'. It takes two months for the eggs to hatch.

## Emperor Penguins

Emperor Penguins are social animals and live in groups called colonies. They can stay under water for about 15 minutes.

# Writing - How to write an information report PowerPoint Slides

## How to write an Information Report

## What is an Information Report?

- Information Reports are used to present information about something. They generally describe the entire class of things, whether natural or constructed; mammals, the planets, rocks, plants, computers, countries of a region, transport, and so on.

## Grammatical Features of Information Texts

Information Texts contain -

- Technical Terms
- Paragraphs
- Present tense
- Generic Category
- Cause and Effect Connectives

## Structure of Informative Writing: Introduction

- Introduction - This is a general statement about the subject of the text. It may also classify the subject as part of a particular group.

### Technical Term

Turtles are **reptiles**. They are cold-blooded so they need sunlight to keep them warm and active.

## Structure of Informative Writing: Description

- Description - This is a series of factual paragraphs about the subject. These should describe the subject's characteristics.

### Generic Category

Turtles have a hard shell on their back. This protects them from their enemies. Some turtles can even hide their heads inside their shells if they are being attacked.

**Fact 1:**  
Strong Interest

**Paragraphs**

## Structure of Informative Writing: Description

- Description - This is a series of factual paragraphs about the subject. These should describe the subject's characteristics.

### Present Tense

Most turtles **eat** plants that grow in the water. Some turtles also like to meat. These turtles eat small insects, snails and worms.

**Fact 2:**  
Medium Fact

## Structure of Informative Writing: Description

- Description - This is a series of factual paragraphs about the subject. These should describe the subject's characteristics.

### Cause and effect connectives

Turtles lay their eggs on land. Some turtles lay their eggs in the sand, then leave the eggs to hatch on their own. When they hatch, the baby turtles scramble down into the water. They have to be quick so that they don't get eaten by larger animals.

**Fact 3:**  
Strongest Fact

## Structure of Informative Writing: Conclusion

- Conclusion - This is a concluding statement about the subject of the text. It may also summarise they key features of the subject.

Many species of turtles are endangered, which means that they are at risk of extinction. Humans must work to protect these beautiful creatures.

## Your Turn!!!

- Activity: Organise the Informative Writing about Penguins in order from the Title to Conclusion.

**Antarctica, Winter, Penguin**

Emperor Penguins have a distinctive body. Emperor Penguins have four types of feathers and are waterproof. They keep the penguins warm in the Antarctic cold. Their feathers are small, but strong. They are used to swim through the water. Emperor Penguins can grow up to 130cm tall.

Emperor penguins are found in Antarctica. Emperor Penguins can survive temperatures as low as -40°C (that's colder than -40 below zero).

Penguins are flightless birds. One type of penguin, is the Emperor Penguin. Emperor Penguins are the largest and heaviest of all penguins. They are carnivores, which means they eat meat. Emperor penguins usually eat fish, krill, shrimp and squid.

Around the start of winter in Antarctica (April) the Emperor penguins begin their breeding cycle. The female Emperor Penguin usually lays an egg around June. She passes the egg to the male before setting off on a journey to the coast. The male Emperor Penguin balances their egg on their feet and swimming to sea. He feeds the egg, which is a 'brood pouch'. It takes two months for the egg to hatch.

# Thunderstorms - Editing

Add editing marks to text. There are 20 errors.

A thunderstom is a storm with Thunder and Lightning

There is ofen heavy rain during a thunderstorm?

Thunderstorm's happen when warm, moist air quickly  
mooves upwards. This causes Clouds to form and  
creates gusty winds heavy rain and some-times hail.

the loud sound that "thunder" makes caused by the  
heat of the lightning that happens befour you hear the  
thunder. sometimes the sound of thunder can last for  
severel seconds. This is because the thunder echos  
around the ground mountains, hills and building's.

## Editing Marks:

Capital letter

End punctuation

Insert a word

Change to lower case

Take something out

Check spelling

New paragraph

Rewrite the text correctly:

### Monday: Number of the Day

**4085**

- Write it in words.
- 5 less.
- 20 more.
- Add 79.
- Round to the nearest 10.
- Complete the pattern, add 6: 4085, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_.
- Divisible by 5?
- Times by 100.

### Wednesday: Number of the Day

**3786**

- Write it in words.
- 126 less.
- 80 more.
- Add 40.
- Round to the nearest 10.
- Complete the pattern, add 21: 3786, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_.
- Divisible by 10?
- Half it.

### Thursday: Number of the Day

**78 543**

- Write it in words.
- 342 less.
- 34 more.
- Add 15.
- Round to the nearest 100.
- Complete the pattern, add 45: 78 543 \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_.
- Divide by 100.
- Half it.

## Year 4 Maths: Pre-Assessment

1. Arrange these numbers in **ascending** (smallest to largest) order:

|      |      |      |      |      |
|------|------|------|------|------|
| 5678 | 5621 | 5645 | 5690 | 5767 |
|------|------|------|------|------|

- a. \_\_\_\_\_ d. \_\_\_\_\_  
b. \_\_\_\_\_ e. \_\_\_\_\_  
c. \_\_\_\_\_

2. Arrange these numbers in **descending** (largest to smallest) order:

|      |      |      |      |      |
|------|------|------|------|------|
| 4532 | 4678 | 4351 | 4234 | 4796 |
|------|------|------|------|------|

- a. \_\_\_\_\_ d. \_\_\_\_\_  
b. \_\_\_\_\_ e. \_\_\_\_\_  
c. \_\_\_\_\_

3. Partition 3425 into its place value parts.

$$3425 = \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}}$$

4. Partition 480 into its place value parts.

$$480 = \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}}$$

5. Round 378 to the nearest **hundred** \_\_\_\_\_.

6. Round 63 to the nearest **ten** \_\_\_\_\_.

7. What is the place value of the underlined digit? 4567

\_\_\_\_\_

8. What is the place value of the underlined digit? 7290

\_\_\_\_\_

9. What is the place value of the underlined digit? 10 224

\_\_\_\_\_

10. Which number is **larger**? 7685 or 5643. \_\_\_\_\_

11. Which number is **smaller**? 5453 or 9867 \_\_\_\_\_

12. Count forwards by **10** starting at:

394 \_\_\_\_\_

13. Count forwards by **100** starting at:

567 \_\_\_\_\_

14. Count backwards by **10** starting at:

248 \_\_\_\_\_

15. Count backwards by **10** starting at:

613 \_\_\_\_\_

16. Write 6384 in words:

---

---

---

17. Write nine-thousand, three hundred and twenty-seven in numerals. \_\_\_\_\_

18.

Use the **greater than** > or **less than** < symbol to make these statements true.

a) 636  889

b) 985  410

c) 1009  10 009

d) 808  880

## Year 5/6 Maths: Pre-Assessment

1. Arrange the numbers into **ascending** (smallest to largest) order:

|         |         |         |         |         |
|---------|---------|---------|---------|---------|
| 435,095 | 545,670 | 897,654 | 235,985 | 790,231 |
|---------|---------|---------|---------|---------|

- a. \_\_\_\_\_ d. \_\_\_\_\_  
b. \_\_\_\_\_ e. \_\_\_\_\_  
c. \_\_\_\_\_

2. Arrange the numbers in to **descending** (largest to smallest) order:

|         |         |         |         |         |
|---------|---------|---------|---------|---------|
| 652,098 | 132,312 | 189,800 | 543,789 | 346,890 |
|---------|---------|---------|---------|---------|

- a. \_\_\_\_\_ d. \_\_\_\_\_  
b. \_\_\_\_\_ e. \_\_\_\_\_  
c. \_\_\_\_\_

3. Compare the two numbers:

|      |      |
|------|------|
| 4531 | 7689 |
|------|------|

4. Compare the two numbers:

|        |        |
|--------|--------|
| 98,987 | 87,234 |
|--------|--------|

5. What is the place value of zero in 2,3**0**4,342? \_\_\_\_\_

6. Round 2456 to the nearest **hundred** \_\_\_\_\_

7. Partition 10,984 into its parts.

$$10,984 = \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}}$$

8. Write 34, 890 in expanded notation:

$$\underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}}$$

9. Give the place value of each bold number.

- a. 345**6****7** \_\_\_\_\_

b. **4**433 \_\_\_\_\_

c. 23**9** \_\_\_\_\_

d. 23**5** 567 \_\_\_\_\_

10. What is the place value of **6** in 36 901?

\_\_\_\_\_

11. Write 6384 in words:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

12. Write nine-thousand, three hundred and twenty-seven in numerals. \_\_\_\_\_

13. Count forwards by **100** starting at:

567 \_\_\_\_\_

14. Count backwards by **10** starting at:

248 \_\_\_\_\_

15. Count backwards by **100** starting at:

12 248 \_\_\_\_\_

16. Count forwards by **10** starting at:

94 567 \_\_\_\_\_

## Maths - Ordering 6-digit Numbers Year 5/6

# Maths - Place Value Partitioning PowerPoint Slides

## Place Value - Partitioning

### What is Place Value?

Place value is the value of each digit in each number.

| THOUSANDS | HUNDREDS | TENS | ONES |
|-----------|----------|------|------|
| 3         | 5        | 6    | 7    |

  

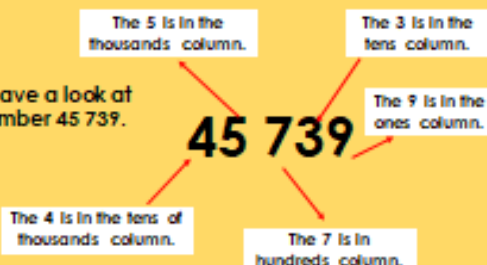

| TENS OF THOUSANDS | THOUSANDS | HUNDREDS | TENS | ONES |
|-------------------|-----------|----------|------|------|
| 2                 | 3         | 4        | 9    | 0    |

### Review of Place Value

- Let's have a look at the number 45 739.

**45 739**

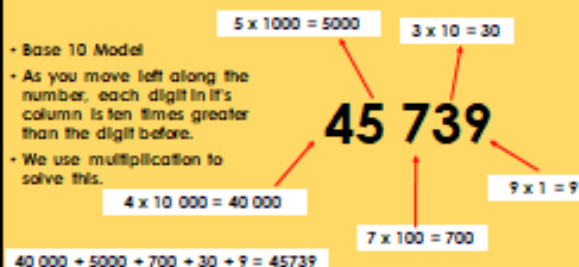

### Review of Place Value

- Base 10 Model

- As you move left along the number, each digit in it's column is ten times greater than the digit before.

- We use multiplication to solve this.

**45 739**

### What is Partitioning?

Partitioning is recognising the digit in it's place holder and then splitting the number into it's place value components.

**54 709**

### How do you partition a number?

There are a few different ways to partition a number.

Method 1:

I have partitioned 265 by their place value: hundreds, tens and ones.

$$265 = 200 + 60 + 5$$

### How do you partition a number?

Method 2:

I have partitioned 265 by splitting the hundreds digit into 100 and combining the 60 of the tens column with the remaining 100 to make 160. Then the 5 ones.

$$265 = 100 + 160 + 5$$

### How do you partition a number?

Method 3:

I have partitioned 265 by keeping the 200 together and removing 10 from the tens column to make 50. Then, I add the left over 10 to the 5 to make 15.

$$265 = 200 + 50 + 15$$

### Your Turn!!

Activity 1: Complete the Complex Partitioning Worksheet.

Activity 2: Complete the Partitioning Worksheet

#### Complex Partitioning

## Maths - Place Value Revision Worksheet 1

In the numbers, state the value and the position of the underlined digits.

| <u>Number:</u>     | <u>Value:</u> | <u>Place Value Position:</u> |
|--------------------|---------------|------------------------------|
| 34 <u>5</u> 67     |               |                              |
| <u>6</u> 7 394     |               |                              |
| 21 <u>9</u>        |               |                              |
| <u>8</u> 6 475     |               |                              |
| 77 2 <u>3</u> 1    |               |                              |
| 23. <u>5</u> 6     |               |                              |
| 456. <u>8</u> 9    |               |                              |
| 1 <u>2</u> 8.9     |               |                              |
| <u>3</u> 530 345   |               |                              |
| 5 6 <u>8</u> 7 609 |               |                              |
| 8 <u>7</u> .6      |               |                              |
| 567. <u>9</u> 0    |               |                              |

## Maths - Place Value Revision Worksheet 2

What is the value of the digit **8** in the following numbers?

|         |  |         |  |
|---------|--|---------|--|
| 84 345  |  | 238 237 |  |
| 936 840 |  | 56 438  |  |

What is the position of the digit **8** in the following numbers?

|         |  |         |  |
|---------|--|---------|--|
| 84 345  |  | 238 237 |  |
| 936 840 |  | 56 438  |  |

What is the value of the digit **9** in the following numbers?

|         |  |       |  |
|---------|--|-------|--|
| 89 785  |  | 45.93 |  |
| 976 456 |  | 54.79 |  |

What is the position of the digit **9** in the following numbers?

|         |  |       |  |
|---------|--|-------|--|
| 89 785  |  | 45.93 |  |
| 976 456 |  | 54.79 |  |

# History - Personal, Community and Social Celebrations

## Year 4

### Personal, Community and School Celebrations

Cut and paste the following celebrations under their correct headings.

|                             |                              |
|-----------------------------|------------------------------|
| surprise birthday party     | Christmas carols in the park |
| grand opening of a new shop | World Teachers' Day          |
| local writers' festival     | end of school term           |
| new baby                    | Grandparent's Day            |
| Book Week parade            | a cousin's wedding           |
| community fun run           | school fete                  |

### Personal, Community and School Celebrations Table

| Personal Celebrations | Community Celebrations |
|-----------------------|------------------------|
| School Celebrations   |                        |

# Maths - Reading and Writing 6-Digit Numbers Worksheet

## Year 5/6

Six-hundred and ninety-one thousand, eight-hundred and forty-two.

Five-hundred and sixty thousand, one-hundred and twenty-one.

One-hundred and seventy-one thousand, nine-hundred and thirty.

Seven-hundred and ninety-two thousand, eight hundred and seventy-six.

Four-hundred and one thousand, and forty-one.

Three-hundred and forty one thousand, three hundred and fourteen.

Nine-hundred and twenty seven thousand, eight-hundred and ninety one.

Two-hundred and eighty-one thousand, eight-hundred and nineteen.
