## Principal's Report

In the holidays we had work completed in the school grounds to place a new retaining wall around (and steps leading to) the playing field. The old wall was decayed and falling down in places so this work has certainly tidied the area up and made it much safer.

Thank you to Kelly and Fred McKellar who removed a large pile of rubbish from near the new cricket net during the holidays.

Mr Grainger has built some compost bays up near the vegetable garden so that we can begin to recycle garden waste and food scraps.

Country Energy has earmarked some gum trees at the front of the school which will be removed shortly as well. All in all we are continuing to improve our school grounds.
