Principal's Report

Attached to this week's newsletter is information regarding our biannual overnight excursion. This year we have a very busy two days spent in Sydney with the highlight being a sleep over at Sydney's Taronga Zoo.

We are able to take approximately six parents with us. We are not able to take everyone who wishes to attend unfortunately, due to restrictions at the zoo's venue. So, if you have a particular need to attend this excursion please return the expression of interest attached to the newsletter and we will give careful consideration to EOIs returned by Wednesday 22nd May.

NAPLAN commenced today and our students are giving these tests the due attention they require. I am very impressed by their application to the task so far.

They also investigated displacement and made comparisons between volume in litres and cubic volume. They enjoyed this “hands-on” experiential learning.
