Dear Parents /Carers,

Working Bee

Thank you parents who joined our Working Bee last Sunday. Katie, Belinda Neil and Brianna worked very hard to clear our gardens at the front of the school. We were able to plant some new Pit-tosporum trees to beautify the garden in front of the COLA. Look out for these beautiful new baby trees growing at the front of our school.

Keeping children safe in a cyber world.

Social Media sites have taken cyber bullying and harassment to a new level. Here's how to keep your children safe when online. Excerpt taken from : www.parentingideas.com.au

Cyber bullying is one of the biggest safety issues facing young people today. Bullying and harassment online is now commonplace. Messages and images can now spread like wild fire reaching a huge potential audience in the time it takes to upload an image or send a text message.

Once the family home offered young people an escape from schoolyard bullies. Now the cyber world is so invasive that their bedrooms offer no guarantees of safety any more. The cyber world is enticing.

Parents need to remind their children that things in the online world can spin out of control very quickly. A written message or an image can be circulated electronically so rapidly that the scope and scale of cyber bullying can be greater than any other form of bullying.

The following seven key messages form the basis of an online safety strategy for children.

1. *Respect others*
2. *Think before you send*
3. *Treat online passwords like your house key*
4. *Block bullies*
5. *Don't reply to harassment*
6. *Save the evidence*
7. *Tell someone*
