

Tallong P.S.

A nurturing small school environment
with caring and committed staff.

Dear Tallong families and friends,

MEET THE TEACHER NIGHT

Our 'Meet the Teacher' evening was a successful and informative night for all involved. It was a great opportunity to share our school directions, classroom routines and structures with parents. Our next opportunity to continue to strengthen our communication and build our home school partnerships will be later in the term at our Parent Teacher Interviews.

SCHOOL PLAN 2018 to 2020

As the school moves into the second year of the 2018-2020 school planning cycle, I would like to remind the community about the main projects that we are focusing on in this cycle of improvement.

Our projects are:

1. Student improvement in literacy and numeracy
2. Wellbeing

Both these areas have been identified so that together as a school and community we can target and achieve students achieving one year's growth in a safe and caring environment.

CLEAN UP AUSTRALIA DAY

All students at Tallong PS participated in Clean Up Australia Day and contributed to keeping our environment clean. Due to our students already being rubbish conscious there was limited rubbish to be found around the school grounds. Well done Tallong!

Grip Leadership

On Monday, the fourth of March, the school and vice captains attended a leadership day to show us how to be a great leader and a great friend. I believe saying this will speak for every leader and teacher who attended this conference, it was... EPIC! There were heaps of fun activities and heaps of things to keep you captivated. There was limbo, plays, and everything to make you amazed. I am extremely happy that the leaders and I were able to attend this event.

~ Brody McKellar, School Captain

This is what we did for the Grip student leadership conference. First when we went into the room. We were going to work/learn for today, we sat down and on the seats where there were booklets and pens and all these different type of subjects like developing myself to be a leader, making a difference to my team and much much more. In the first session we learnt confidence with humility, empathy, reliability, and others-focused, and knowing/ learning what all that means. Session two we learnt about how to make games that include learning, like how made a game that if you make a shot in basketball and then make a math equation. So that's what we learnt on the 4/3/19 at the Goulburn Workers Club.

~ Anthony Grech, School Captain

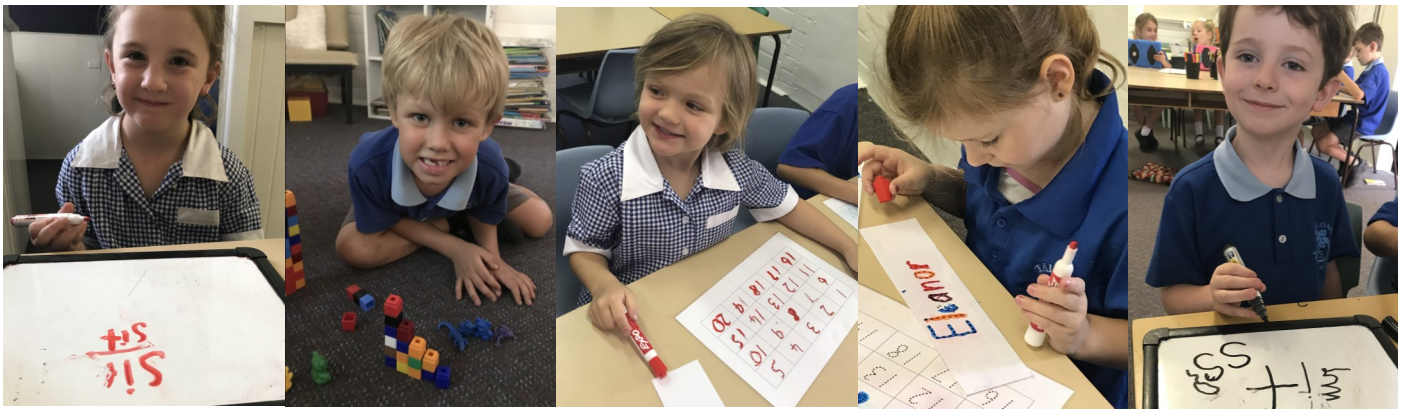

On the 4-3-19 the school leaders went to a Leadership day. We had 3 sessions throughout the day. The first session was about developing our self to be a leader. The second session was about making a difference to my team and making a difference to my school. In the last session we were learning about how to make a difference to society. We got to ask the people who were running the leadership day questions. I think that the leadership day was a good and inspiring day.

~ Jack Ferry, Vice Captain

For the year 6 captain student leadership conference we learnt about all types of amazing stuff to help us be a good leader. We learned about a ton of good tips such as CORE which stands for C (confidence with humility). O (others focused – focussing on others. R (reliability) and E (empathy).

~ Hayden Dunn, Vice Captain
